

 Profile

Results-oriented Full Stack Developer & Tester with **4.5+ years** in web and mobile apps, specializing in **automation, efficient coding, and test strategies** to drive product quality. Proven track record in leading QA and development initiatives, consistently delivering **high-quality, innovative solutions** across projects.

 Professional Experience

- Pixcom Technologies FZ LLC, Full Stack Developer and Tester

Dec 2023 – Nov 2024 | Dubai, UAE

 - Comprehensive Testing Strategy Development:** Created and implemented test strategies for **50+ scalable PHP apps**, boosting product quality and user satisfaction throughout development and QA phases.
 - Leadership in Quality Assurance:** Led QA for **75+ PHP applications**, identifying and mitigating risks to ensure high-quality releases. Mentored a small QA team, reinforcing best practices and team growth.
 - Project Management Excellence for High-Impact App:** Designed, developed, and tested the **Car Handover PHP app for Nissan**, successfully meeting client requirements and showcasing project management expertise.
 - Enhanced Testing Documentation:** Developed comprehensive test documentation (plans, cases, defect reports), **streamlining processes and strengthening cross-team communication**.
 - Performance Optimization & Debugging:** Improved and debugged apps, resulting in a **300% increase in client sales and satisfaction**. Fostered a culture of continuous improvement within the QA team.
 - Cross-Functional Collaboration & Problem Solving:** Partnered with cross-functional teams to tackle engineering challenges, applying leadership for effective, innovative solutions.
- Deloitte Consulting India Pvt Ltd, SAP Fiori (UI5) Developer and Tester

May 2021 – Jul 2023 | Bengaluru, India

 - Driving Quality in Fiori App Development:** Developed, tested, and optimized **145+ Fiori applications**, collaborating with functional teams for seamless integration and on-schedule, high-quality delivery.
 - Expert in Performance & Stress Testing:** Led performance and stress testing on critical Fiori applications, **enhancing stability and user experience with minimal downtime**.
 - Mentorship & Process Improvement:** Mentored junior QA members on best practices. Created test documentation (plans, cases, defect reports) to **boost team efficiency and knowledge-sharing**.
 - Key Contributor to HPE NGIT Project:** Delivered **50 ABAP and Fiori objects** across 10 releases, resolving **30+ defects, 14 enhancements, and 22 incidents** for timely, high-quality project delivery.
 - Cross-Release QA & Metrics Implementation:** Supported defect remediation across releases, implementing quality metrics to **drive improvements and foster collaboration** within the QA team.

 Skills

- Testing and QA:
- Functional, Usability, Compatibility, Regression, and Performance Testing
- Programming Languages and Frameworks
- PHP, JavaScript (ES3+), SQL, SAP UI5/Fiori, HTML5, CSS, Angular, XML, ABAP, React, Vue.js, Python, Java, C, C++.
- Tools and Platforms:
- Playwright, Cypress, Shopify, WordPress, JIRA, Postman, Restful API, VS Code, Git, Chrome DevTools, MongoDB, SAP Logon, HP ALM, CI/CD, MS Office, SAP WebIDE.

 Awards & Certificates

- Outstanding & Spot Award, Deloitte
- Recognized for exceptional performance in development, quality assurance, and project delivery.
- SAP UI5/Fiori
- Completed two courses with 20 hours of focused learning on UI5/Fiori development and testing

 Projects

- WhatsApp QA
- Identified and documented **14+ bugs** (11 Critical, 2 High, 1 Low) and proposed **4+ enhancements**

 Strengths

- Proven leader with strong skills in analysis, testing, and problem-solving to drive QA success.
- Quick to learn and creatively tackle challenges, always bringing fresh ideas to the table.

 Education

- Bachelor Degree in Computer Application (BCA),
Islamiah College (Thiruvalluvar University)
- 2016 – 2019 | Tamil Nadu, India

 Languages

- English
- Hindi
- Tamil
