Profile

QA Engineer with 5+ years of experience in manual testing, functional testing, API testing, regression testing, and entry-level test automation across **web, mobile, SaaS, gaming, enterprise, fintech, and blockchain applications**. Experienced in test planning, test case design, defect reporting, bug reproduction, release validation, and cross-functional collaboration, with hands-on exposure to **Playwright, Cypress, and Selenium**. Brings full-stack development experience with **PHP, JavaScript, SQL, REST APIs**, and web technologies, along with **2.5+ years of international work experience** collaborating with diverse, cross-functional teams.

Professional Experience

Senior QA Engineer (Freelance), *Testlio | uTest | WeTesters | Upwork*  May 2025 – Jul 2026 | Remote

- Delivered end-to-end QA services for multiple international clients across fintech, e-commerce, payments, blockchain, and device-based applications, ensuring high-quality releases in Agile environments.
- Achieved **98% project success rate** through consistent quality delivery and timely execution.
- Reported **500+ bugs**, including critical production-impacting issues.
- Performed functional, exploratory, regression, usability, and compatibility testing.
- Collaborated with product managers, developers, and designers to improve release quality.

QA Lead, *Ninja Gaming*  Dec 2024 – Apr 2025 | Dubai, UAE

- Led QA strategy for **20+ 2D/3D iGaming applications** across web and mobile platforms.
- Designed and implemented an automation framework, improving test coverage and reducing manual effort by **30%**.
- Identified and reported **280+ bugs**, including **90+ critical issues**.
- Reproduced complex defects with minimal reproduction steps, preventing estimated losses of **\$30,000+**.
- Collaborated closely with developers, designers, and product teams to improve product quality.
- Used **Playwright, Cypress, and Selenium** for automation and E2E validation.

Software Engineer | QA Engineer, *Pixcom Technologies FZ LLC*  Dec 2023 – Nov 2024 | Dubai, UAE

- Owned QA delivery for **60+ PHP-based applications**, reducing post-release defects by **95%**.
- Delivered **30+ successful releases** with improved testing processes and release readiness.
- Developed the **Nissan Car Handover App** end-to-end, contributing to a **65% improvement in customer offboarding speed**.
- Created test plans, executed test cycles, managed defect lifecycles, and prepared QA reports.
- Supported premium clients including **Mercedes-Benz, Audi, and Maserati**.

Software Engineer | QA Analyst, *Deloitte Consulting India Pvt Ltd*  May 2021 – Jul 2023 | Bengaluru, India

- Delivered **80+ SAP ABAP / SAP Fiori applications** with optimized UI and backend integration.
- Performed functional, performance, and stress testing to improve system reliability.
- Contributed to **50+ components across 10 major releases**.
- Mentored team members on testing documentation and QA best practices.
- Key contributor to the enterprise **HPE NGIT Project**.
